Retired IT professional from Lexington One

Q7

Please list previous community involvement.

Advisory Committee to Lexington Town Council, Town of Lexington Planning Commission, Cub Scout Den Leader

Q8

Do you have children currently attending and/or children who will attend Lexington District One schools in the future? If so, how many?

No

Q9

Have any of your children graduated from Lexington District One schools? If so, how many?

Our son and daughter are both graduates of Lexington High School.

Q10

Why do you think you would be a good Lexington District One board member?

One who is actively involved with the community and understands today's education model. One who supports the education of our children and supports our teachers and staff and finds the good in what we do, not fault.

Q11

Why are you running for a seat on the Board of Trustees?

I spent my first term, especially the first two years, listening and learning. The learning curve for a board member is steep and is pretty much self taught.

Education in America is changing rapidly and we need genuinely concerned citizens to oversee our course of direction and implementation.

As a retiree of the district, I have a great insight of what our district has long stood for and delivered to our students. Upon retirement, I knew that I wanted to step up and offer my service for the greater good of Lexington One.

Q12

What is the single most important issue facing public education today?

How to return to the classroom for traditional face to face instruction. Nothing replaces it and it is essential to the development and growth of our young people.
